The majority of the suggestions were regarding the hotel and the fact that it's run down and we've perhaps outgrown it.

Others:

Air Supply rocked.

Air Supply was too loud.

The food was good.

The food was bad.

Why does our city always get bad seats at the Friday dinner?

Great quality speakers

Very good conference overall.

Some good suggestions for new ways to format workshops and some good topics.

Don't schedule all the good workshops at the same time.

More roundtables sessions and do the Q & A Café again next year.
