OTHERS PRESENT

Jason Wheeler and Danny Barlow; Auditors with
Pinnock, Robbins, Posey and Richins

WELCOME AND INTRODUCTIONS

President Lynn Pace opened the meeting at 2:27 p.m. President Pace asked attendees to introduce themselves.

ULCT AUDIT REPORTS

President Pace turned the time over to Danny Barlow and Jason Wheeler with Pinnock, Robbins, Posey and Richins. Copies of the financial statements and auditors' reports were distributed to the Board.

Mr. Wheeler reviewed information in the draft financial statements. The League consulted an outside legal firm and they were waiting for a letter from the attorney before finalizing the audit. Mr. Wheeler mentioned changes to the budget because of new guidelines relative to the pension system; entities were now required to report net pension liabilities. One minor finding was noted relative to State compliance; agendas and minutes of the Board meetings should be posted to the Utah Public Notice Website. Mr. Wheeler indicated that they anticipated issuing a clean opinion on the financial statement when it was finalized.

Discussion suggested that the Executive Board would meet in February to approve the audit report, on behalf of the entire Board, once it was finalized.

Board Member Pike move to authorize the Executive Board to review and approve the audit report on behalf of the Board of Directors. Boardmember Eyre seconded the motion. The vote was unanimous. The motion carried.

BOARD OF DIRECTORS VACANCY

2nd Vice President Beth Holbrook indicated that there was a vacancy on the Board due to Board Member Jim Ortler not winning reelection. Because Board Member Ortler was from a town, the new appointment would need to come from a town. Two applications were received; Curtis Ludvigson from Sterling and Harris Sondak from Alta. Mr. Sondak currently had work conflicts and would not be able to serve. Mr. Ludvigson had many years of experience and had been on the Board in the past.

Treasurer Seghini moved to appoint Mr. Ludvigson to the Board of Directors to fill the vacant seat of Board Member Ortler. Board Member Caldwell seconded the motion. The vote was unanimous. The motion carried.

ACTIVE & HEALTHY COMMUNITY GRANT

Executive Director Ken Bullock introduced Mikelle Morre, Vice President of Community Outreach for Intermountain Health. Ken said Mikelle had been a wonderful asset in working through these ideas. Mikelle had a huge impact on the League getting this grant.

Ms. Morre said the League was a great partner in changing the health of Utah.

Nick Jarvis, Director of Research and Technology, indicated that the Board would need to approve the grant application and authorize the Executive Director to form a selection committee. Changes to the grant application since the last meeting were reviewed. The grant application process would open on February 1st and close on March 1st. That timeframe could be extended if needed.

Discussion indicated that the committee would begin with Ken Bullock and Mikelle Morre. This would alleviate conflicts of interest with Board Members being on the selection committee and possibly applying for a grant. Additional committee members could come from the University of Utah, the State Department of Health, or the legislature.

Information about the grant would be emailed and mailed to the membership.

Board Member Caldwell moved to approve the grant application and authorize Ken Bullock to form the selection committee. 1st Vice President Hyatt seconded the motion. The vote was unanimous. The motion carried.

DISCUSSION OF LONG TERM GOALS AND PRIORITIES

President Pace asked Board Members to talk with their mayors and councils to see if there were issues they felt the Board should be addressing.

DISCUSSION OF OTHER CURRENT ISSUES

President Pace said at the last meeting there was discussion about internet sales tax and how Congress would not do anything to address the issue. He said Senator Curt Bramble was the President of the National Conference of State Legislators and was eager to pursue this issue. They were tired of Congress not acting on the issue; it may be resolved through the court system. There would be a couple of bills this legislative session to address the issue and move the dialog forward. This was a priority at the nation level. President Pace asked Board Members to support legislation addressing internet sales tax.

President Pace discussed another issue this legislative session relative to the prison site in Draper. He expressed concerns with the formation of a “development authority” at the state level and how that would remove land use authority from the local level. It was imperative that land use authority remain at the local level.

President Pace led a discussion about MIDA and impacts to communities across the State with land use authority. A State development authority could have similar impacts if private land became involved.

Discussions suggested speaking with bill sponsors to voice concerns and stress the importance of retaining local control on land use issues.

President Pace indicated that the President of the Board typically attended the National League of Cities and Towns conference. This year he would not be able to attend. He asked if 1st Vice

President Hyatt or 2nd Vice President Holbrook could attend in his place. 2nd Vice President Holbrook indicated that she was already planning on attending; 1st Vice President Hyatt indicated that he could attend.

President Pace led a discussion about the broken relationship with the Trust and a letter the Executive Board received from the Trust.

Discussion suggested that the Executive Director should handle these types of issues, but that the Executive Board would meet with Ken and Michelle Reilly to respond to the letter and address the issue moving forward.

OTHER BUSINESS

Meg Ryan, Planning Consultant, asked everyone to check out the LUAU website and provide feedback.

The next Board meeting would be held in April in St. George.

ADJOURN

There being no further discussion, 1st Vice President Hyatt moved the meeting adjourn at 3:43 p.m. The motion was seconded by 2nd Vice President Holbrook. The vote was unanimous. The motion carried.

RESOLUTION NO. _____

A RESOLUTION PROVIDING FOR THE UTAH LEAGUE OF CITIES AND TOWNS BOARD OF DIRECTORS TO CONVENE AND CONDUCT ELECTRONIC MEETINGS IN ACCORDANCE WITH UTAH CODE 52-4-207

Whereas, the Utah League of Cities and Towns or other public body may hold an electronic meeting if the public body has adopted a resolution, rule, or ordinance governing the use of electronic meetings; and

Whereas, the Utah League of Cities and Towns wishes to adopt standards and procedures for electronic meetings of its Board of Directors to be held under limited circumstances.

NOW THEREFORE BE IT ODAINED BY THE BOARD OF DIRECTORS OF THE UTAH LEAGUE OF CITIES AND TOWNS AS FOLLOWS:

Section I. Definitions.

For the purpose of this resolution the following definition shall apply.

“Anchor location” means the physical location from which an electronic meeting originates or the participants are connected.

“Board” shall mean the Board of Directors of the Utah League of Cities and Towns.

“Electronic meeting” shall mean a public meeting convened or conducted by means of a conference using electronic communications.

“League” shall mean the Utah League of Cities and Towns.

“League Staff” shall mean those employees of the Utah League of Cities and Towns assigned by the Executive Director of the League to carry out the functions of noticing, organizing, and setting up meetings for the Board of Directors of the League.

“Monitor” means to hear or observe, live, by audio or video equipment, all of the public statements of each member of the League Board who is participating in a meeting.

“Participate” means the ability to communicate with all of the members of the League Board, either verbally or electronically, so that each member of the League Board can hear or observe the communication.

Section II. Electronic Meeting Requirements.

No meeting of a Board of Directors of the Utah League of Cities and Towns may be convened and held as an electronic meeting except on the following conditions.

1. A request for an electronic meeting has been made by a member of the Board to the League’s Executive Director at least three days prior to the date of the meeting to allow for arrangements to be made for the electronic meeting; and
2. Notice of the electronic meeting has been given as provided herein.

Section III. Notice of Electronic Meetings.

The League Executive Director, upon receiving a request from a member of the Board for a meeting to be convened as an electronic meeting, shall make sure that the League staff give public notice of the meeting as required by Utah Code section 52-4-202 of the Utah Open and Public Meetings Act; and post written notice at the anchor location for the meeting. The League staff shall in addition to giving the public notice required by Utah Code section 52-4-202, provide notice of the electronic meeting to the members of the Board of Directors at least 24 hours before the meeting so that they may participate in and be counted as present for all purposes, including the determination that a quorum is present. The notice to the members of the Board shall give a description of how the members will be connected to the electronic meeting.

Section IV. Place of meeting.

The League Staff shall establish one or more anchor locations for the public meeting, at least one of which shall be where the Board would normally meet if they were not holding an electronic meeting.

Section V. Meeting Facilities.

The League staff shall see that space and facilities are provided for at the anchor location so that interested persons and the public may attend and monitor the open portions of the meeting; and if the meeting includes a public hearing, provide space and facilities at the anchor location so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

This resolution shall take effect immediately upon passing.

MESSAGE FROM THE ULCT PRESIDENT

Holladay City Council Member
Lynn Pace

Dear Friends,

Welcome to the 2016 Midyear Conference! I hope that you enjoy this opportunity to get away and that this conference will be a help to you as an elected or appointed official of your community. While each of our cities and towns is unique, there is also much that we have in common, and there is much that we can learn from each other about how to address challenges that we all face. We all know that whenever a problem arises, our citizens look first to their local officials, and that the decisions that matter the most are the ones made at city hall. I hope that you will take advantage of this opportunity to learn from the presenters, from each other, and from our knowledgeable League staff.

We will all serve for only a limited window of time. Whether we are just new to our position, or have been serving for many years, there is a limited opportunity to make a difference. I have now served on the Holladay City Council for just over 12 years. My youngest child, Caroline, is only 11 years old. I have reflected many times on the fact that the city we are building now is the only city she will ever know. Each of us, as local officials, is in the business of building a better place and a better community for the next generation. And that community we build will last long after we are gone.

John Ruskin, a prominent English social thinker, once stated: *“When we build let us think we build forever. Let it not be for present delight nor for present use alone. Let it be such work that our descendants will thank us for, and let us think, as we lay stone upon stone, that a time is to come when these stones will be held sacred because our hands have touched them, and that men will say, as they look upon the labor and wrought substance of them, ‘See! This our fathers did for us.’”*

I hope that this conference will help all of us with that ambitious building project. Thanks for coming.

Sincerely,

Lynn H. Pace
President, Utah League of Cities and Towns

LEADING EXPERT ON NEW TECHNOLOGIES AND FUTURE TRENDS

"The Next Tech Paradigm Shifts that will Change Your World"

Hear expert analysis on the trends in technology and how they will affect us from the founder of Reinventors, a new media company sharing the the ideas of the world's leading innovators.

Peter Leyden looks where technology is going and what to expect in the future as we make key decisions that affect our communities. Leyden, an innovator and entrepreneur, worked for a series of pioneering organizations that tracked the disruption of the digital revolution and helped reinvent the fields of media, business and politics. He was managing editor at the original *Wired* magazine that introduced the world to the digital revolution and that helped invent the media of the early world wide web.

He worked for years at Global Business Network, the renowned think tank on future trends that helped corporations and governments make long-term strategic plans. He was founding director of the New Politics Institute during the 2004 to 2008 political cycle, helping those in Washington transition to the new way of doing politics on the Internet.

Leyden started his career as a journalist, including serving as a special correspondent for *Newsweek* magazine in Asia. He is the coauthor of two books on new technologies and the future: *The Long Boom*, which was translated into a half dozen languages, and *What's Next*.

DOVE CENTER
shelter · advocacy · counseling

DOVE Center's mission is to build a community of peace one person, one family, and one home at a time. We strive to do this by providing confidential shelter, advocacy, and counseling to support victims of domestic violence and sexual assault. We work to increase safety in our community by building collaborative partnerships and providing awareness and prevention education.

EVENTS

Wednesday Evening Event: Ice Cream Social

Settle into the beauty of St. George with a taste of Utah's official dessert! (You mean ice cream is not already Utah's official dessert?) Pick up your Midyear registration materials early then make it a three-scoop evening while you socialize with your friends from Utah's cities and towns.

EVENTS

“The League at the Legislature” Business Session and Legislative Recap

From wild land fire to indigent defense... and from law enforcement to land use, learn from the League legislative team how decisions made during the 2016 Session will affect your city or town. Ken Bullock, Cameron Diehl, Nick Jarvis, Brandon Smith, Roger Tew, and Jodi Hoffman will have a comprehensive update about changes coming your way after a very busy 45 days at the Capitol. We will also hear from Lt. Governor Spencer Cox, State Auditor John Dougall, and other state leaders.

Thursday Evening Food and Fun

Sit at a table with your friends and enjoy a night of wonderful food and entertainment in a rare performance. The musicians you'll hear are also original writers of songs you've heard performed by many music legends. You'll also hear new sounds from entertainers you may recognize from popular reality television. You won't want to miss this.

“Danny Flowers & Friends”

A BLUEBIRD CAFÉ SINGER-SONGWRITER EVENT FEATURING
DANNY FLOWERS, KARLA DAVIS, AND SHAWN CAMP

Danny Flowers' signature song, “*Tulsa Time*,” was recorded by Don Williams and reached #1 on the charts. The song was featured on five albums by Williams and five albums by Eric Clapton. Flowers again achieved number one status with Don Williams' “*Back In My Younger Days*.” He has co-written over a hundred songs with some of Nashville's finest writers. Flowers has a terrific solo album titled *Forbidden Fruits & Vegetables*. While at Sundance in January of 2004, Flowers was inspired to write a song in tribute to the victims of the December 2003 avalanche in the North Fork Provo Canyon, “*Above the Avalanche, A Song of Healing*.”

Karla Davis is a soulful singer/songwriter from Monroe, North Carolina. Driven by the church, it was the choir that invoked her musical spirit. Music found Karla just as quickly as her fingers found their home on the fret board of her first guitar. Karla took a leap of faith in the fall of 2009 when she decided to move to Nashville, TN. In January 2010 Karla was named the winner of the *Colgate Country Showdown* and was given the title Best New Act in Country Music. After starting her own independent record label and recording her debut album, Karla found herself on Season 2 of NBC's *The Voice* in 2012 where she made it to the top 16. Karla was a participant on this years *American Idol XIV*!

Shawn Camp is an Arkansas native who has earned wide respect as the top-tier penman behind #1 Billboard hits for George Strait (“*River of Love*”), Josh Turner (“*Would You Go With Me*”) and Brooks and Dunn (“*How Long Gone*.”) Shawn also penned Blake Shelton's “*Nobody But Me*.” Camp's previous solo albums have turned heads, and he's accompanied luminaries including Guy Clark and John Prine, frequently backs seamless lyrics with his fiery fiddle, guitar and mandolin riffs. Shawn is also a talented producer, a skill that won him a Grammy nomination in 2013 and a Grammy win for 2014's Best Folk Album of the Year.

**Land Use Challenges Ahead: Do Your Ordinances Really Do
What You Think They Do?**

Jodi Hoffman, Attorney At Law, ULCT/ Hoffman Law
SUNBROOK AB

The 2016 legislature approached land use matters unlike any legislature in the past decade. It is safe to say that 50 land use bills--16 of which attempted a direct assault on local planning and zoning--portend a coming storm. Land use planning and zoning is an important aspect of local governance. With great power comes great responsibility to follow the law. This workshop will provide a structure to help evaluate whether your city's land use ordinances actually do what you think they do, and whether they have kept pace with a decade of change in state and federal land use law..

**Outdoor Recreation: Improving Our Quality of Life-Panel Discussion
Moderator: Dave Sakrison**, Mayor, Moab

Panelists:

Tom Adams, Jr., Director, Utah Office of Outdoor Recreation
Dave Millheim, City Manager, Farmington

Kent Perkins, Leisure Services Director, St. George
SUNBROOK AB

Whether it's connected trails for a good bike ride or great parks for a ball game or an afternoon walk, access to recreation contributes to our good health, our economy, and our overall quality of life. Learn how your city or town can benefit from new grants available to improve Utah's recreation infrastructure. Hear how some Utah cities are seeing great rewards from the parks and programs they're creating in their own communities. Learn the top five things that must exist for a sustainable trail system and pick up some useful tips to create new opportunities in your hometown during this informative panel discussion.

SESSION 3

Property Taxes– The Good, The Bad, and The Necessary

Roger Tew, ULCT Senior Policy Analyst

Neil Abercrombie, Director of Government Relations, USU
SUNBROOK C

Frequently property taxes are cited as the most hated tax. However, these taxes provide a very stable and important piece to local government financing. This session will discuss the pros and cons of property taxes in Utah. How does truth in taxation work? How does property tax compare to sales tax or other local government funding options?

SESSION 4

The Current State of Information Security

Phil Bates, Chief Information Security Officer, State of Utah/Dept
of Technology Services

ENTRADA A

Hear the latest information on the ever-changing threats facing organizations tasked with securing sensitive data. We'll review technologies and best practices employed to reduce the risk of data compromise and discuss resources available to improve overall cyber security.

SESSION 5

Effective Communication: 50 Ideas in 50 Minutes

Nicole Martin, Communications Director, Sandy City

Corey Norman, Deputy Mayor, Provo City

ENTRADA BC

Fast, furious and fun inspiration in 50 minutes! Guaranteed—not really, but continuing with the alliteration, it is FREE. That's right! We're all looking for effective, creative ways to communicate with residents about a variety of issues. Why re-create the wheel when you can steal ideas from your colleagues and get all of the praise? Be ready to take notes because we promise you'll leave with at least 50 new ideas to try in your community in all areas of communication: website, social, print, event and even more... but you'll have to show up to find out.

SESSION 6

What You Need to Do Post 2016 Session (Everything but land use)

Cameron Diehl, ULCT Director of Government Relations/Attorney

Roger Tew, ULCT Senior Policy Analyst

Ryan Loose, South Jordan City Attorney and President of the
Utah Municipal Attorneys Association

ENTRADA BC

Ryan, Roger, and Cameron will explain what cities need to do because of recent legislation. From updating police body-worn camera policies to indigent defense contracts, Ryan, Roger, and Cameron will help ensure that your city knows how to comply with current law.

AGENDA

Agenda, Thursday, April 7, continued

SESSION 7

Investing in Your Largest Asset- Your Employees

Moderator: John Park, Cottonwood Heights City Manager

Panelists: Kelvyn Cullimore, Mayor, Cottonwood Heights
Tom Hanson, City Manager, Washington Terrace

Byron Jorgenson, Chief Administrative Officer, Sandy City

Mark Shepherd, Mayor, Clearfield City

David Zook, City Manager, Nibley

SUNBROOK C

Staff typically has the largest impact on a budget and finding and keeping the right people is critical to an organization. A panel of elected officials and administrators will be available to share what they have learned and how they are working to keep the best staff on-board. Moderated by Cottonwood Heights City Manager John Park, the panel will share thoughts on what it costs to find and keep good employees, the real cost of recruitment, and what they think the future holds for a multi-generational workforce.

SESSION 8

Backyard Agriculture and Farm to School Programs

Presenters: Stephen Stanko, Department of Agriculture

Lynn Pace, City Council Member, Holladay

Supreet Gill, Farm to School Program Manager, Open Space and Urban Farming, Salt Lake County

ENTRADA A

Should cities impose restrictions on residents who want to keep bees? What regulations are appropriate for neighbors who raise chickens? And can cities support healthy food production to meet the growing demand for local food? With the growing awareness of sustainability in our neighborhoods, hear the latest about family food production. Learn the buzz about food freedom with advice from the experts on backyard agriculture and take a fresh look into Farm to School programs that increase economic development opportunities for local farmers, reduce food miles, enhance nutrition and wellness education opportunities for children, and help communities build a deeper connection to their food while supporting their local farms.

3:42 pm – 4:30 pm

CONCURRENT SESSIONS

SESSION 9

Communicating with the Public During a Disaster

David Zook, City Manager, Nibley City

ENTRADA BC

A recent farm vehicle accident in Nibley City resulted in diesel fuel contaminating the city's entire water system, leaving residents without water for a week. Nibley, a small town of approximately 6,000 residents, was thrust into the spotlight with television, radio, online and print media news crews arriving within minutes of the announcement of the contamination. This workshop will cover the steps the city took to address media requests and keep its residents informed using social media, the city's website, a community alert system and other resources.

AGENDA

SESSION 10

Zero Growth Planning for Rural Communities

Paul Moberly, Consultant, Rural Planning Group

Kyle Slaughter, Consultant, Rural Planning Group

SUNBROOK AB

Select rural communities across the country are experiencing the impact of general decline. As a result, these communities have declining populations, decreasing property values, and limited resources. In Utah, this decline has been slower than across much of rural America, still Utah's rural communities are beginning to face challenges associated with slow decline and must consider the possibility that these trends may not change. The Rural Planning Group will provide a framework for identifying stagnation and decline, illustrate factors effecting these communities, and present helpful strategies with a focus on developing self-determined, self-reliant, prepared communities.

SESSION 11

Cultivating a Culture of Wellness with Community Partners

Trevor O. Smith, SWR Regional Manager, Health Promotion & Wellness, Intermountain Healthcare- LiVe Well

SUNBROOK C

Local officials and staff play a vital role in the wellness and health of the children and families within their communities. As they grapple with challenging health and social issues, building upon innovative methods may maximize finite economic and human resources. Specifically, collaboration through shared services, joint use or proactive program planning may yield results greater than any one single agency could achieve on its own. This presentation will highlight how collaboration and working together can help stretch resources to develop healthier neighborhoods and improve community wellness.

SESSION 12

Economic Impact of URS Benefits and Retirement Overview

Kory Cox, Association & Stakeholder Liaison, Utah Retirement Systems

ENTRADA A

Your retirement benefits have a tremendous impact on Utah's economy. Utah Retirement Systems (URS) will provide an update on the economic effects of URS pensions on local communities in Utah. In addition, URS will discuss the retirement changes that are in store following the 2016 legislative session.

CONCURRENT SESSIONS

SESSION 14

Legal Issues Associated with Government Use of Social Media

Randy Dryer, JD, Professor of Law (Lecturer)

SJ Quinney College of Law, University of Utah

AUDITORIUM

Social media can be like Krazy Glue. It can be the easiest, strongest, most efficient way to make connections. It can also create a big problem if we use it incorrectly. Krazy Glue can stick to our fingers and even attach us to papers, countertops, other people, or objects with whom we had no intention of connecting. Such is the case with social media, which also creates certain legal risks when improperly used. Is your city or town using social media in a way to maximize the strength of connection or are you heading toward a sticky legal mess. Hear from a seasoned expert in communications law.

SESSION 15

Water Initiatives in 2016

Heather Anderson, Public Information Manager, Central Utah Water Conservancy District

Jeanne Riley, Storm Water Specialist, Utah Division of Water Quality

SUNBROOK AB

Utah is the 2nd driest state in the country and the population is expected to double by 2060. Therefore, it's vital for cities and towns to conserve water with re-use. The State Legislature has become increasingly interested in water. We will discuss potential legislation and the new MS4 minimum control measures with an emphasis on permit changes. Approximately 90 Utah communities are designated MS4s and as such are regulated by one of 3 MS4 permits issued by the Utah Division of Water Quality. We'll also discuss the importance of local governments setting the standard for wise water use in Utah.

SESSION 16

Budgeting for Outcomes

Kerri Nakamura, Government Program Director, Sorenson Impact Center, David Eccles School of Business, U of U

ENTRADA BC

Control your numbers rather than allowing the numbers to control you. Budgeting for outcomes is not a new concept, nor is it easy. But for the elected official who ran for office to accomplish policy goals, outcome-based budgeting and data-informed decision making are the keys to success. The University of Utah's Sorenson Impact Center works with governments throughout the United States to help elected officials transform government policymaking processes.

Live Stream Your Public Meetings With a Minimal Investment

Ryan Judd, Information Systems Manager, Kaysville City

Joey Edmunds, Stone Security, Sales

AUDITORIUM

Kaysville City has recently launched KaysvilleLive.com to “live broadcast” city council meetings via YouTube. The function also acts like a DVR, meaning you can join the meeting 20 minutes late and still start at the beginning. This presentation will show you how to begin live streaming on a tight budget. Look at camera options and costs, how to configure the camera software, how to connect to YouTube and all the steps you need to know. There is nothing fancy here. With this setup anyone with minimal experience can start and stop the LiveYouTube Stream with the flip of a switch.

AGENDA

Agenda, Friday, April 8 continued

SESSION 18

Make Your City Business Friendly

Michael Parker, Public Policy Area Director, Salt Lake Chamber

Jamie Davidson, City Manager, Orem

ENTRADA BC

Governor Gary Herbert, the Salt Lake Chamber, and many cities have partnered to become "Business Friendly Communities." Utah is one of the best states for business in the country and cities and towns are key components in that success. Come learn how your city or town can improve your internal processes, enhance communication with local business leaders, and facilitate economic development of all sizes.

SESSION 19

Keeping Your Cool in the Pressure Cooker

Joanne Glantz-Mahannah, Training Director, SpeakEasy

SUNBROOK AB

Have you ever walked into a store or restaurant and been ignored? If the answer's "yes," you probably still remember how rude and dismissive it felt. How do we greet citizens and co-workers... especially during contentious encounters? In this workshop you'll learn simple techniques to make your point without losing your cool or increasing your likelihood of burn-out. Join Joanne Glantz-Mahannah to discuss words, phrases and techniques to stay firmly and politely in control!

11:10 am – 12:00 pm

GENERAL SESSION

Living a Life That Matters

Val Hale, Director, Governor's Office of Economic Development

GARDEN ROOM

Sports, education, economic development. A diverse background makes for some great stories! You'll enjoy the pleasant demeanor and clever sense of humor of GOED Director Val Hale. But most importantly, you'll benefit from his insight in building successful communities and improving individual lives as he defines his 7 keys for purposeful living.

Utah's public safety officers - making life better.

KSL's Beyond the Badge recognizes the good work that Utah's public safety officers do every day to make each of our lives better. Listen to Utah's Morning News weekdays starting in May as Amanda Dickson highlights the everyday heroes who work tirelessly to keep us safe.

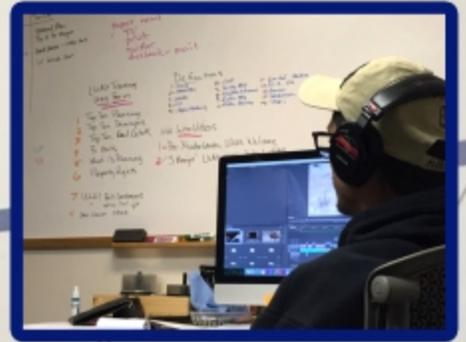

Featured officers come from state, county, and municipal law enforcement agencies and must be POST certified. Officers nominated by their respective police chiefs and supervisors, and those featured are selected by a committee composed of representatives from KSL, the Lieutenant Governor and the ULCT.

KSL has partnered with the Utah League of Cities and Towns and the Utah Lt. Governor to help execute the program.

UTAH LEAGUE OF CITIES AND TOWNS

2016 GENERAL LEGISLATIVE SESSION WRAP UP

2016 Legislative Update

Welcome to the 2016 ULCT Legislative Wrap Up. Team ULCT tracked a record 261 bills (out of 824 total bills) during the 2016 session on topics ranging from law enforcement to wildland fire, and indigent defense to GRAMA. We had a successful and productive year on the Hill.

Thanks to the ULCT Board of Directors and members of the Legislative Policy Committee for your involvement and insight. Thanks to the many elected officials, city attorneys, city managers, city recorders, town clerks, lobbyists, and municipal communication professionals who gave of your time and resources to assist in the Team ULCT effort. ULCT staff appreciates your expertise, dedication, and assistance. The League Army is vital to ULCT's effectiveness.

This book provides multiple resources for you. First, you can find any of the 152 priority bills within the Table of Contents. Each bill page will have an online link to the bill, ULCT analysis of the municipal impact, a summary of ULCT action, and a possible future trend for the bill topic. Additionally, each page may have a list of dates on the page too. Those dates correspond to emails or Legislative Policy Committee meetings which are included at the end of the book. Click on a date and you will go to the email or LPC minutes.

Second, ULCT has provided an "at a glance" of the bills that passed that require cities to proactively update ordinances or policies. Those bills are highlighted in the "Bills by Icon" section.

Third, the booklet has every daily email that ULCT staff sent during the session and you can click back and forth between the bill page, the tables of contents, and the emails.

Fourth, the LPC agendas and minutes are also included. Between the emails and the agendas, you can review the background of the bills and ULCT efforts on them.

Fifth, the booklet includes the master study items on the legislative interim list. The master list provides a snapshot of what issues may arise during the interim and in the 2017 session.

We hope you find this book useful. If you want to learn more about any bill or participate in any work groups on specific topics, please let us know. On behalf of ULCT staff, we appreciate the opportunity to serve you and advocate for local government.

House Bills

HB 10S4 | HB 10S4 Initiative and Referendum Amendments

Jan 26, LPC Minutes Feb 29

Sponsor: **Greene, Brian**

Bill Status: **Enrolled**

<http://le.utah.gov/~2016/bills/static/HB0010.html>

ULCT Position: **Oppose until amended**

Legislative Purpose for the Bill:

The bill modifies the definition of a “local law” that can be referred. “Local law” now includes “other legislative action of a local legislative body.” Additionally, the bill also removes the printed requirement that a registered voter must have read and understood the law proposed by the initiative or referendum petition. The overall objective of the bill was to codify the common law on initiative and referendum procedures.

Municipal Impact/what you need to do:

Local governments may apply for loans from the Local Government Emergency Response Loan Fund in order to help cover the costs incurred by a local government for providing emergency disaster services. A “declared disaster” is defined as an event that is sudden and infrequent that results in the President of the United States, Governor, or chief executive officer of a local government declaring an emergency. Local governments must agree to loan terms and not be in default on any other state loans in order to qualify.

ULCT Action/Future Trend:

ULCT monitored the bill and Rep. Oda presented to the ULCT Annual Convention about the concept in 2015.

HB 14 | Emergency Services Account Loan Amendments

Sponsor: **Oda, Curtis**

Bill Status: **Enrolled**

<http://le.utah.gov/~2016/bills/static/HB0014.html>

ULCT Position: **Support**

Legislative Purpose for the Bill:

This bill modifies the Emergency Management Act, and authorizes the Division of Emergency Management to provide short-term loans to agents of the state for the purpose of providing emergency services to a member state of the Emergency Management Assistance Compact when the member state has a declared disaster, requested support from the agent of the state; and the agent of the state has no funds available to respond to the request.

Municipal Impact/what you need to do:

Note that the bill provides that agents of the state will reimburse the State Disaster Recovery Restricted Account when reimbursed by the member state for emergency services provided, and can only receive funds when no other funds are available. The bill also clarifies that the applicant or sub-applicant agency is responsible for any financial match requirements when requesting a federal disaster declaration.

ULCT Action/Future Trend:

ULCT monitored the bill and Rep. Oda presented to the ULCT Annual Convention about the concept in 2015.

DRAFT

Active and Healthy Communities Grant

Utah League of Cities and Towns

Promoting a culture of active lifestyles that leads to healthier people is best accomplished within the local community. A demonstration project will provide grants to communities to plan and implement strategies that prevent and manage chronic disease and contribute to improving the health and activity of Utah residents. Up to four communities will be selected to receive funding over a period of three years, drawing from the total contribution of \$900,000 Intermountain Healthcare has provided with this grant.

These strategies will be managed through a “collective impact model.” Under the collective impact model, the cities will work alongside school districts, other levels of government, local businesses, faith based organizations, and the local hospital system, to develop strategies that address their respective health issues over a three year period. Within each community, the city government will serve as the backbone organization around which we can bring the aforementioned community stakeholders together. Each sector will have a defined purpose in accomplishing the shared objective for improving the identified community health issue, and the members of this effort will share measurement systems in order to objectively assess the progress of each organizations efforts in relation to the common goal. The organizations must be willing to share data concerning their specific efforts, and a clear communication plan must be put in place and adhered to—including regular meetings of top level executives. The intent of the funding is to establish sustainable strategies across sectors which demonstrate impact through collaboration.

We would like to thank the following communities for taking the time to apply for this opportunity. The selection committee will decide the recipients in mid-April.

SUBJECT: February 2016 Financial Report

The attached financial report reflects the financial position of the Utah League of Cities and Towns (ULCT) as of February 29, 2016. This report is for the eight months of the fiscal year which is 67% of the budget year. As you review the financial report you'll notice that some accounts are higher than the 67% while others are lower. This report will explain those variances. I reviewed actual revenue and expenditures against budgeted revenue and expenditures and have no major concerns with our overall current financial position.

Overall, we have collected 73% of anticipated Revenues and expended 66% of Budgeted Expenses. This is right in line with prior years. The following are explanations of line items significantly higher or lower than 67% (percentage of budget year completed).

Revenues

Dues revenue is at 100% of budget as of the end of February with 14 municipalities outstanding. The 14 municipalities are: Alton, Circleville, Cornish, Emery, Fairfield, Fayette, Fielding, Hooper, Junction, Kanosh, Lyman, Mantua, Ophir and Panguitch. The total outstanding is approximately \$6,300.

Donations & Advertising is at 32% of budget. Most donations are billed in April.

Registration Revenue is at 60% of budget. The revenue in this account is from the Annual Convention, Local Officials Day and most of the Newly Elected Officials workshops. There are no collections for Mid-Year and Road School conferences. That revenue is received in March and April.

LUAU Grant When the budget was approved we were uncertain as to how much of the funds we would receive. The funds will be used entirely for the LUAU project.

Expenses

With 67% of the fiscal year over, expenses as of February are at 66% of the budget.

Charges for Services

The Charges for Services category is at 57% which is right on target.

Accounting Expense – This account is at 73% of budget. This line item is mainly for the annual audit.

Computer Expense - This account is at 72% of budget. The League contracts for its IT services and has a limited number of hours. There were some software updates and other type of work outside the scope of services. The staff expects that this budget line item will not go over.

Operating & Maintenance

The Operating & Maintenance Fund is at 74% overall. Some line items are higher than 67% budget year. The following are explanations for those accounts:

Dues & Subscriptions - is at 95% of budget. This line item is for the National League of Cities Dues which was paid in February.

Convention Entertainment – This account is at 93% of budget. This is due to the Annual Convention entertainment and partner's programs.

Food & Beverage – This account is at 70%. The majority of this line item is for the Annual Convention.

Insurance – This account is at 86% of budget year. The League's premium is paid in July for the year.

Speakers & Honorariums – This account is at 94% most of which is due to the Annual Convention and Local Officials Day. Deposits were also made for the Mid-Year Speakers.

Special Equipment Rental – This account is at 116% of budget. This line item is for audio/visual services during the ULCT Annual Convention. The cost increase is due to the various requirements for the speakers that are hired. We will most likely exceed the budget in this line item and will need a budget adjustment. This is typically done in June.

Grants

The **Benchmarking** category is at 35% of budget which is right on target. Fees for services were paid in August for the year. The revenue received for the benchmarking project will be solely used for the project.

Office Supplies

The **Office Supplies** Category is at 56% of budget which is right on target.

I will continue to work with the staff to monitor revenues and expenditures to ensure that the year-end budget is positive. Please let me know if you need additional information.

Michelle Reilly, Director of Administrative Services

OTHERS PRESENT

Jason Wheeler, Auditor, Pinnock, Robbins, Posey and Richins

WELCOME AND INTRODUCTIONS

President Lynn Pace opened the meeting at 12:30 p.m.

ULCT AUDIT REPORTS

President Pace turned the time over to Jason Wheeler with Pinnock, Robbins, Posey and Richins. Copies of the financial statements and auditors' reports were distributed to the Board.

Mr. Wheeler reviewed information in the final audit report. He stated that the Board had a copy of the draft and would only be reviewing any changes. Mr. Wheeler noted that the auditors have booked an allowance for doubtful accounts. There were some old receivables on the books and felt that was an appropriate recommendation. The League staff indicated the policy for billing registrations and donations will be changing to remedy the situation.

President Pace asked about the appropriation issue mentioned in the audit. Mr. Wheeler indicated that because counsel was not able to confirm there would not be a claim, it would be best to have it as part of the report.

Mr. Wheeler indicated that they were issuing a clean opinion on the final audit report.

The Board previously approved the Executive Board to meet and approve the audit report, on behalf of the entire Board, once it was finalized.

Mayor Curtis moved to approve the 2015 final audit report; seconded by Councilmember Holbrook. The vote was unanimous. The motion carried.

OTHER BUSINESS

At the January 26th Board Meeting, the Board also requested the Executive Committee discuss and respond to the letter from Joe Piccolo, President of the Utah Local Governments Trust.

After some discussion, the Executive Committee recommended that President Pace draft a letter stating that the Board supports the business decisions of the Executive Director and would not get involved in the matter.

Mayor Hiatt moved to authorize President Pace to draft the response letter to Joe Piccolo, President of the Utah League Governments Trust outlining the ULCT Board's position; seconded by Councilmember Holbrook. The vote was unanimous. The motion carried.

The next Board meeting would be held in April in St. George.
