### Value Capture

# Rotating City Manager

- Emerging need in smaller localities for administrative support
- Rotating City Manager Program: proactive, administrative support on an ad hoc basis
  - ensure ordinances are updated and align with state code
  - optimize and align revenue sources and expenditures
  - promote best practices
  - facilitate grant applications/technical assistance
- Broad interest base: Governor, DWS, UCMA, various AOGs
- Next steps:
  - determine scope of need & interest
  - build out functional policy elements
  - AOG meeting

# Summer Interim Updates

  - Short-term rentals
  - Public assets
  - Moab's workforce housing ordinance
  - Other states (Florida, Colorado, Texas, California, etc.)
  - Gravel pits
  - Water conservation/Great Salt Lake

# Summer Interim Updates

## Water Infrastructure & Environment Priorities

### Raise the water capacity of Bear Lake

- Easement of 1,000 acres of floodplain
- Easement in coordination with Idaho
- This plan would limit evaporation levels

### Water reuse strategy

- Coordinate water reuse in Northern Utah in order to protect the Great Salt Lake
- Encourage reuse in Southern Utah in order to keep water in Utah
- Ensure that water agencies that oversee reuse have clear rules in place

### Water importation

- Build pipelines to import water from outside of Utah
- \$1.7 million 12 month feasibility study

### Turf buyback legislation

- Limits area for turf buyback if the area has other non-conforming areas
- Bill file is currently open
- Secondary water metering update
- \$48 million left in grant funding after second round of applications
- Cost to install meters has nearly doubled since estimates were made
- This grant is capped at \$5 million for smaller water suppliers, or \$10 million for larger water suppliers; should we change the cap to ensure we use the remaining ARPA dollars?

# Summer Interim Updates

## Other Working Groups & Upcoming Issues
